## Refurbishment of X-ray Department

### PROJECT CASE STUDY

Gregory Bros Ltd were awarded the contract as the principal contractor for the refurbishment of the X-Ray Department at Bognor War Memorial Hospital, by NHS Sussex community trust.

The project involved carrying out alterations and improvements to the existing X-ray and ultra-sound rooms, in which new x-Ray specialist equipment were installed, as well as a new X-ray control screen and desk top. A new reception, toilet, kitchen and changing area.

The works carried out included installing IPS wash stations, lighting, decoration, Partitioning, flooring, ceilings, mechanical and electrical alterations and plumbing.
